Supporting Information

The Minneapolis Police Department (MPD), Business Technology Unit desires to enter into a Non-Disclosure agreement with the company Information Builders for the purposes of limiting the use of information provided by the MPD. The information would be provided for display of MPD information inside of the Information Builders technology Webfocus. This display of information would be on MPD computing resources to MPD personnel only for determination of the value of business intelligence tools & concepts in meeting MPD goals and objectives.
