Background/Supporting Information Attached

The department is requesting a housekeeping amendment to the Charitable Gambling ordinance. The amendment would change a 25% designation from GMDCA to the Health & Family Support for continued support of the child care loan renovation program. There is estimated revenue currently available through the end of 2007 of \$28,000, with projected future earnings to be declining to less than \$6,000 annually for this 25% portion of the total revenues received.
