Background/Supporting Information

The Sheridan Neighborhood Organization (SNO) has sought to install low level pedestrian lights in the business corridor of 13th Ave NE and the adjacent blocks of 2nd Street NE. The SNO has committed to covering 10% of the project from their general fund and has received permission from the Minneapolis Neighborhood Revitalization Program (NRP) to allocate neighborhood dedicated funds to cover the other 90% up to a total of \$266,400. The project revenues are:

\$266,400	SNO NRP funds
<u>\$ 29,600</u>	SNO general funds
\$296,000	Total

This action will allow Public Works Traffic & Parking Services to enter into an agreement with SNO and NRP to design and install low level pedestrian street lighting along the previously described 13th Ave NE corridor utilizing the available funds. This installation will conform to the approved Minneapolis Street Light Policy.
