Background/Supporting Information

The City owned property at 2710 Pacific Street N is primarily devoted to the Public Works Solid Waste and Recycling operations. Since 1989, the City has leased part of the property's shoreline to Aggregate Industries, Inc. for barge traffic purposes. The existing lease expires December 31, 2011.

The company would like to extend for another two years, with consideration given to a longer extension.

CPED staff has recommended that the City limit the lease to a two year term, as this site is part of the Upper River Harbor Redevelopment Plan and CPED does not want to restrict the use of the land beyond two years.

CPED's Appraiser, Lee Peterson, has confirmed that \$7,000 per year represents Fair Market Value.

Recommendation:

City staff recommends the City enter into a two year lease for the referenced property.
