Dear Pam,

Please accept this email as Sheridan Neighborhood Organizations support for, and comments to, the Draft Critical Area Plan distributed by your office.

Sheridan Neighborhood Organization stresses the importance of the Critical Area Plan's commitment to connecting the river to the neighborhoods, connecting neighborhoods to each other and opening the river to the public.

The lateral connections from neighborhoods to the river are very important to Sheridan Neighborhood Organization. Accordingly, we strongly request the Critical Area Plan add 13th Ave NE, 14th Ave NE and the BNSF Bridge to Section 111. A-3, page 22. These lateral connections to our neighborhood are essential to our near future development plans and goals.

Thank You,

Chris Koelfgen

VP - Sheridan Neighborhood Organization
