

**Department of Community Planning and Economic Development - Planning Division**  
Minor Subdivision Application  
MS-166

**Date:** February 5, 2007

**Applicant:** Brent Rebeschke

**Address of Property:** 1001 & 1003 Kenwood Parkway

**Project Name:** Not applicable.

**Contact Person and Phone:** Brent Rebeschke 612-759-9200

**Planning Staff and Phone:** Tara Beard 612-673-2351

**Date Application Deemed Complete:** January 10, 2007

**End of 60-Day Decision Period:** March 11, 2007

**Ward: 7      Neighborhood Organization:** Lowry Hill Residents Inc.

**Existing Zoning:** R2 Two Family District, SH Shoreland Overlay District

**Proposed Zoning:** Not applicable for this application.

**Zoning Plate Number:** 18

**Legal Description:** See survey

**Existing Use:** A duplex.

**Concurrent Review:** Minor subdivision.

**Development Plan:** The survey showing the existing duplex is attached. No changes to the site are proposed at this time.

**Background:** The structure at 1001 and 1003 Kenwood Parkway is a side-by-side duplex. The applicant is proposing a “party-wall” split to allow separate ownership of the two units of the duplex. The subdivision ordinance allows a split, on lots with an existing side-by-side two-family dwelling, along the party wall to allow separate ownership of each side of the building, provided that covenants are recorded that state that the parcels may be used separately as long as the existing building is continued. If the building is destroyed, then the parcels shall be combined to make a single parcel that conforms to the requirements of the subdivision regulations. This prevents the creation of substandard lots.

**Required Findings:**

**1. The subdivision is in conformance with the land subdivision regulations, the applicable regulations of the zoning ordinance and policies of the comprehensive plan.**

The subdivision is in conformance with the design requirements of the zoning code and the land subdivision regulations. The comprehensive plan shows this area as appropriate for residential development or uses.

**2. The subdivision will not be injurious to the use and enjoyment of other property in the immediate vicinity, nor be detrimental to present and potential surrounding land uses, nor add substantially to congestion in the public streets.**

The site contains a side by side duplex with two driveways leading to tuckunder garages from the front of the lots. No new units will be added.

**3. All land intended for building sites can be used safely without endangering the residents or uses of the subdivision and the surrounding area because of flooding, erosion, high water table, soil conditions, improper drainage, steep slopes, rock formations, utility easements or other hazard.**

The site does not present the above hazards. Although the site is within the Shoreland Overlay District and contains steep slopes, the subdivision will not affect the functionality of the site. No building sites are being created. The duplex is existing.

**4. The lot arrangement is such that there will be no foreseeable difficulties, for reasons of topography or other conditions, in securing building permits and in providing driveway access to buildings on such lots from an approved street. Each lot created through subdivision is suitable in its natural state for the proposed use with minimal alteration.**

No change to existing access or grading is proposed.

**5. The subdivision makes adequate provision for stormwater runoff, and temporary and permanent erosion control in accordance with rules, regulations and standards of the city engineer and the requirements of the land subdivision regulations. To the extent practicable, the amount of stormwater runoff from the site after development does not exceed the amount occurring prior to development.**

Existing utility and drainage provisions are adequate for the site.

**Recommendation of the Community Planning and Economic Development Department – Planning Division for the minor subdivision:**

CPED Planning Division Report  
MS-166

The Community Planning and Economic Development Department – Planning Division recommends that the City Planning Commission adopt the above findings and **approve** the application for minor subdivision down a party wall for property located at 1001 and 1003 Kenwood Parkway.
