

Guidelines for the *Minneapolis Advantage* Loan Program

1. **Program Summary:**

The ***Minneapolis Advantage*** loan program is a downpayment and closing cost assistance program to help rebuild the housing market in key neighborhoods that have experienced higher than normal levels of mortgage foreclosures and a rapid decrease in home ownership. The program offers a \$10,000 zero-percent interest loan that is forgivable over five years to anyone buying a home in which they will live in these key neighborhoods. The City of Minneapolis is also seeking partnerships to match available funding, so more assistance may be available to homebuyers purchasing homes in eligible neighborhoods. (The McKinley, Folwell and Webber-Camden neighborhoods are spearheading this approach.)

2. **Loan terms:**

- a) Zero percent interest.
- b) No monthly payment.
- c) The loan will be forgiven over a five year time period from the date of closing with forgiveness occurring at a rate of 20% each year on the anniversary of the closing date.
- d) The loan is due on sale, transfer of title, when the primary mortgage is paid off, or when the property ceases to be the owner's primary place of residence, except that in the case of a refinance, the loan may be subordinated subject to the CPED Subordination Policy in effect at the time of the request for subordination.
- e) These loans are considered a "Special Mortgage" under the terms of Minnesota Statute 988. The mortgage may be subordinated as part of a refinance of the primary loan; however, the owner must receive counseling regarding their refinance transaction. Proof of the completion of the counseling will be required prior to approval of the subordination.

3. **Maximum and minimum loan amounts:**

- a) Minimum: none
- b) Maximum: \$10,000
- c) The McKinley, Webber-Camden, and Folwell neighborhoods, with the help of the Family Housing Fund, are making available an additional \$4,000 in their neighborhoods, bringing the total loan amount to \$14,000 for McKinley, Webber-Camden, and Folwell.

(The City of Minneapolis continues to seek additional partners to match City funding and expand the amount available to homeowners in the eligible neighborhoods. If you are interested in pursuing a partnership, please contact Mark Anderson at 612-673-5289.)

4. Use of funds

The funds may be used to go toward either of the following uses:

- a) The payment of downpayment or for the payment of normal and usual closing costs. The borrower may not receive any portion of these funds as cash.
- b) If the homebuyer will complete repairs and improvements to the home as part of their home purchase transaction, up to \$10,000 of the loan may be forgiven to cover any gap between the value of the property and the total cost of purchase price plus the cost of the home repairs and improvements.
- c) Any portion of the loan that is not applied to the payment of downpayment, closing costs, or construction costs must be repaid to the City of Minneapolis and the loan balance will be reduced accordingly.

5. Eligible properties:

- a) Any property located within a neighborhood that has been identified by the City as experiencing higher than normal levels of foreclosures or a rapid decrease in home ownership.
- b) There is no sale price limit.
- c) The homebuyer must occupy the home within 60 days following the home purchase closing, except that in the case of a home purchase and repair transaction, the homeowner must occupy the home within 60 days of the completion of the construction work.

6. Eligible borrower:

Anyone who is buying in a neighborhood that has been approved by the City as eligible under this program and who qualifies for and is receiving a traditional (prime or A-rated) fixed-rate first mortgage loan or is purchasing using cash.

7. Homeownership Counseling:

Borrower must complete homeownership counseling through the Homestretch counseling program sponsored by the Minnesota Home Ownership Center (telephone 651-659-9336 or online at www.hocmn.org) or a comparable approved counseling program prior to closing of the loan.

8. Combining funds:

- a) Eligible primary financing:
 - i. The loan may be offered in connection with any fixed-rate FHA, VA, Fannie Mae, or Freddie Mac insured or uninsured loan product that is generally considered in the lending industry to be an "A" or "prime" lending product.
 - ii. The loan may also be offered in combination with a contract for deed financed and held by a nonprofit developer who has developed or renovated the property for resale, provided that the nonprofit developer does not sell the contract for deed without the written approval of the City.
 - iii. This loan may not be used with sub-prime lending products.
- b) Lenders are encouraged to consider combining this loan with the *CityLiving* home program to maximize the borrower's ability to qualify.

- b) *Minneapolis Advantage* loan funds may be combined with other assistance programs to provide greater opportunity for the borrower to secure the purchase of a home.

9. Loan security

- a) The City loan funds and any neighborhood loan funds will be separately secured by a Promissory Note and Mortgage.
- b) The loan(s) may be secured in a subordinate lien position behind other program funds.
- c) No title insurance is required.
- d) No mortgagee clause is required in the owner's hazard insurance policy.

10. Annual Evaluation and Renewal

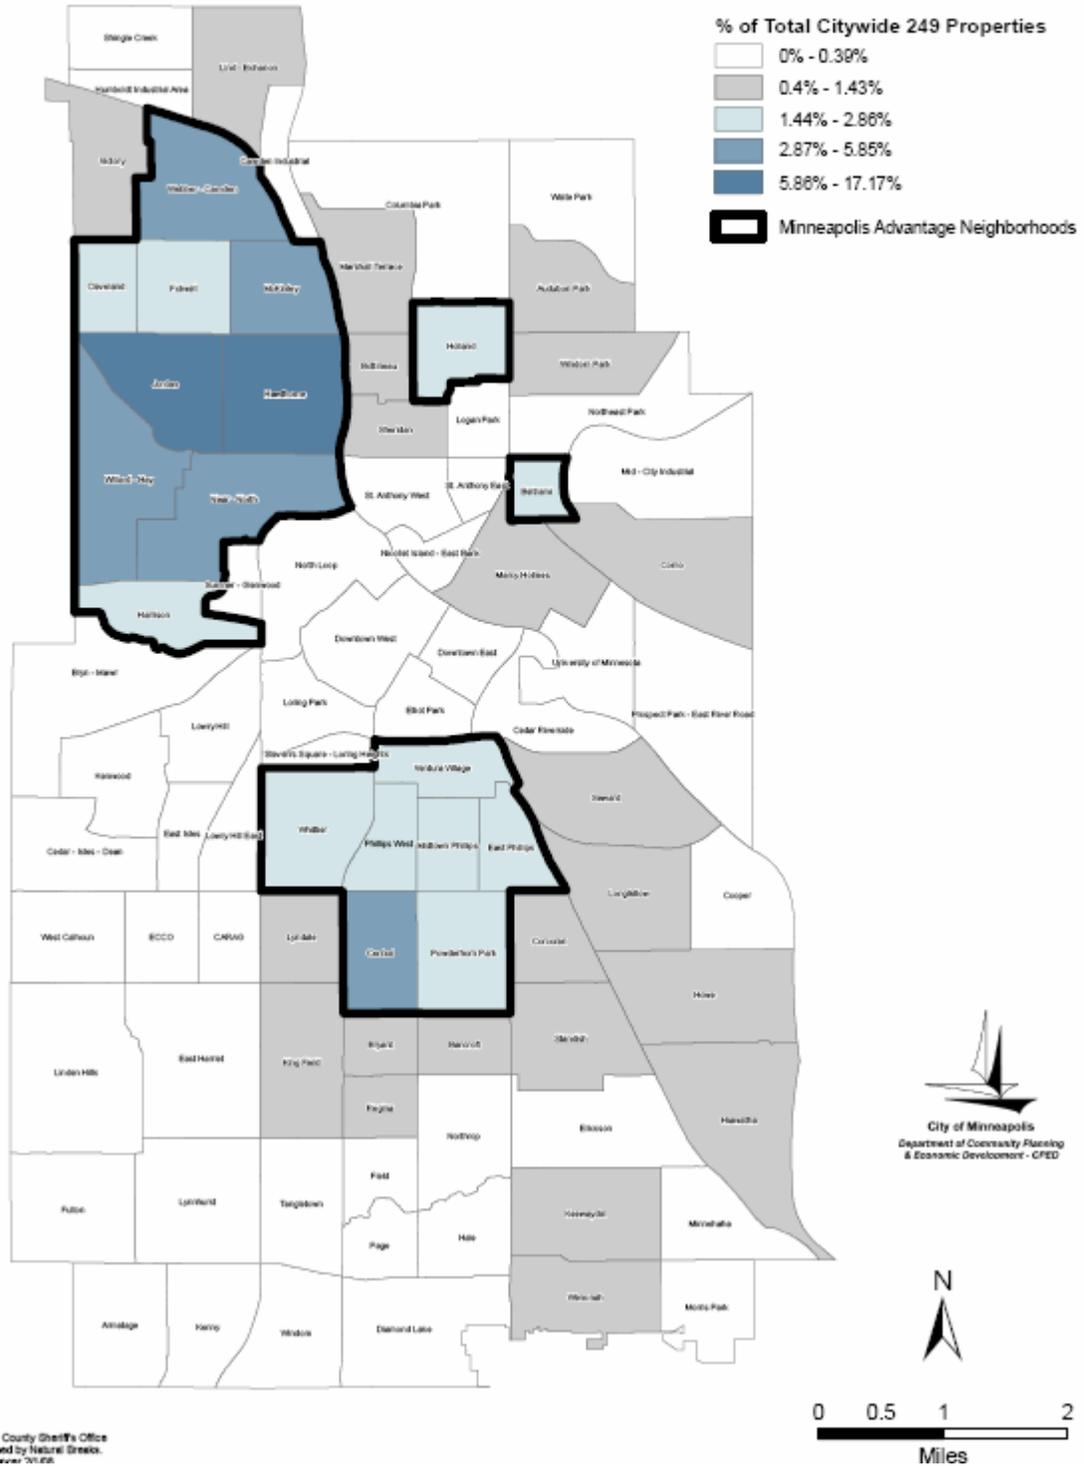

The *Minneapolis Advantage* loan program demonstration may be renewed annually depending on the outcome of a program evaluation. Each year City staff and key partners will conduct an evaluation of the program's performance, assess market conditions in eligible neighborhoods, and make recommendations regarding:

- a) Possible modifications to the program;
- b) Whether the Program should be expanded to other adjacent neighborhoods;
- c) Whether neighborhoods should be removed from eligibility; and
- d) Whether the Program should be continued for another 12 month period.

11. Catastrophic Language

In the event the Mortgage holder and the servicer, in their sole and absolute discretion, after a loss mitigation analysis, find that a catastrophic event, including but not limited to Borrower's death or extended illness, or the extended illness of a close family member who depends primarily on the borrower for support, has occurred which substantially and permanently impairs their ability to repay this Promissory Note and Mortgage and requires them to sell the Property for an amount less than the existing balance on the Promissory Note and Mortgage, that portion of the lien of Promissory Note and Mortgage that can not be satisfied from the proceeds of such sale shall be released.
