2011 Concert: *honored with Minneapolis preservation award*

Last year's cemetery benefit concert, with Jeremy Messersmith and Lucy Michelle and the Velvet Lapelles, was recognized as the best community project in 2011 by Preserve Minneapolis and the American Institute of Architects (AIA) at the 21st annual Minneapolis Preservation Awards. The show was a resounding success. Nearly 1,500 people attended and over \$30,000 was raised from ticket sales and a grant from the American Express Partners in Preservation program, a partnership of the National Trust for Historic Preservation and the American Express Foundation.

Fence Restoration Project Update: Phase III of the fence restoration project is under way and will restore 12 sections of fence along Lake Street. By the summer of 2013, the [fence restoration project](#) will be 75 percent complete (50 of the 67 sections).

About Pioneers and Soldiers Cemetery: Pioneers and Soldiers Cemetery, established in 1853, is the oldest cemetery in Minneapolis. It is also a [Minneapolis landmark](#) and the only cemetery in Minnesota that is listed on the National Register of Historic Places. It is the final resting place of over 21,000 pioneers, veterans and immigrants. It contains the graves of some of the first settlers of the city, many of whom made major contributions to local history; soldiers and veterans of the War of 1812, the Dakota Conflict, the Civil War, the Mexican American War, the Spanish-American War, and World War I; mid to late nineteenth century European immigrants, early African American citizens and abolitionists. Notable individuals buried in the cemetery include Philander Prescott, Charles W. Christmas, and William Goodridge. In 1925, a group began to organize to save Layman's Cemetery for its historical importance. The group's effort is recognized as an early, local attempt at historic preservation.

One of the Ten Most Endangered Historic Places In 2008, to raise awareness about the challenges of maintaining this landmark, the [Preservation Alliance of Minnesota](#) placed the cemetery on its "[Ten Most Endangered Historic Places](#)" list. Today, the cemetery is in need of substantial capital improvements. The most immediate of those is the restoration of the historic fence that lines the cemetery on Lake Street and Cedar Avenue. The steel fence is 1,953 linear feet and contains 3,510 pickets within 67 sections.
