**8. Eligible Primary Financing:**

- The loan may be offered in connection with any fixed-rate portfolio FHA, VA, Fannie Mae, or Freddie Mac insured or uninsured loan product that is generally considered in the lending industry to be an “A” or “prime” lending product.
- The loan may also be offered in combination with a contract for deed financed and held by a nonprofit developer provided that the nonprofit developer does not sell the contract for deed without the written approval of the City. The contract for deed program must be approved by the City prior to participation in the Local program.
- This loan may not be used with sub-prime lending products.
- The Local program funds may be combined with other assistance programs to provide greater opportunity for the borrower to secure the purchase of a home.
- This program may not be layered with any other City of Minneapolis homebuyer assistance programs.

**9. Loan Security**

- The HOM loan funds will be separately secured by a Promissory Note and Mortgage.
- The loan may be secured in a subordinate lien position behind other program funds.
- No title insurance is required.
- No mortgagee clause is required in the owner’s hazard insurance policy.

**10. Catastrophic Language**

- In the event the Mortgage holder and the servicer, in their sole and absolute discretion, after a loss mitigation analysis, find that a catastrophic event, including but not limited to Borrower’s death or extended illness, or the extended illness of a close family member who depends primarily on the borrower for support, has occurred which substantially and permanently impairs their ability to repay this Promissory Note and Mortgage and requires them to sell the Property for an amount less than the existing balance on the Promissory Note and Mortgage, that portion of the lien of Promissory Note and Mortgage that cannot be satisfied from the proceeds of such sale shall be released.
