To the Northern Metals Advisory Committee:

I am writing to inform the group that I am resigning from the Committee, effective immediately.

Based on our previous meetings, it has become apparent that serving on this committee would require a long-term commitment. Due to my clinical practice and other commitments, I am unable to make such a commitment at this time. However, if requested, I am willing to offer information and feedback about childhood asthma, asthma programs and assessment of asthma control.

I admire the group's passion for improving the health of North-side residents. I will continue my work to improve the quality of life of children with asthma and their families through my clinical practice and continue my advocacy for improved asthma care and programs to benefit underserved communities.

Sincerely,

Gail Brottman MD

Director, Pediatric Pulmonary Medicine

Hennepin Healthcare
