Clarifying questions from the CE Report:

- 1) In page 25 of the report, why are neighborhood organizations not included in the chart? They are set up by law (contracts with the City) to make community decisions regarding NRP money.
- 2) Again, in page 25, you should have included neighborhood organizations as decision making authority.
- 3) In page 4, the model has all the arrows pointing down. There are no arrows coming up from the community into the City.
- 4) The City should communicate better what decisions we can influence. Use the website better and make it user friendly.
