No action is requested. This item is for discussion purposes only.

Background

In recent months Robert Thompson, the NCR Neighborhood Support Manager, has presented neighborhood best practices guides on a number of subjects. The guides are intended to serve as resources for neighborhood organizations on topics such as bylaws, board responsibilities and outreach to residents.

There has been some discussion by Commission members on whether elements of these guides should be included in the funding guidelines for the Community Participation Program. At the April 22nd meeting we will continue the discussion on the use of these guides.
