

33rd & Talmage Project Update

No. 2
12 April 2012

TALMAGE AVENUE RECONSTRUCTION ACTIVITIES

April 5 to April 11

Schedule:

1. Pavement removal work began on Wednesday, April 11, 2012.
2. Pavement removal will continue this week on the western portion of Talmage Avenue.
3. Utility work will continue through next week.

Activities:

1. A project trailer was located at Lot C61 – U of M.
2. Street barricades were placed at 29th and Talmage and 33rd and Talmage.
3. Barricades will include 'Local Access Only' signs.
4. The entire street will be removed from 29th St east to approximately the loading dock at Cre8it in this first phase of work.
5. The gravel/soil layers present under the existing street will be the driving surface for property access during removal operations.
6. Property owners will be contacted to ensure access during this removal phase.
7. Property owners will be contacted regarding utility work that may affect natural gas and water service.

Please follow all safety directions from construction personnel.

All dates and construction activities are weather dependent.

This update is part of a series of communications to inform stakeholders about the 33rd & Talmage paving project.
