

July 13, 2012

Good Afternoon,

**Thomas and Sons will be working this weekend at 35<sup>th</sup> and Nicollet.**

**The work at the 35<sup>th</sup> and Nicollet intersection has started. The closure is expected to last 2 weeks, weather dependent. Thomas and Sons has been working rebuilding the storm water structures.**

**Next week they will begin to work on grading and rebuilding the intersection.**

**While the intersection is closed, the rest of Nicollet Ave will remain open.** There will be parking restrictions near the intersection of 35<sup>th</sup> and Nicollet. These restrictions are needed to facilitate storage of structures needed within the intersection, and maneuverability of equipment. They will minimize the parking restrictions as much as possible. All businesses will be open.

**Minneapolis Water** has begun cleaning and lining the water main between 32<sup>nd</sup> St and 36<sup>th</sup> St. Next Monday, they intend to start replacing the sections of main removed for the cleaning and lining process. They will need to do testing before they can change services back to the main from the temporary main. The goal is to start putting services back on the permanent water main starting the end of next week. More information will be shared as it's available.
