

Potential Sidewalk Gaps 9/6/07

- Incomplete Sidewalks on 2 Sides
- Incomplete Sidewalks on 1 Side
- Park; Golf Course
- Airport
- Cemetery
- Water

Potential sidewalk gaps are locations where sidewalks do not exist on one or more sides of the street and where a sidewalk is needed to provide access to properties or to provide a direct connection between other sidewalks. Gaps were assigned to full block street segments and may, therefore, appear to be longer than they actually are.
