 • 2008

**Streets, Bike Paths, & Pedestrian Shortcuts**  
**Pedestrian Traffic**  
 — 0  
 — 1 - 500  
 — 510 - 1,000  
 — 1,010 - 2,000  
 — 2,010 - 5,000  
 — 5,010 - 10,000  
 — 10,010 - 21,740

Pink lines indicate the amount of pedestrian traffic likely along a corridor within a particular range, using counts taken. Thicker lines and darker colors represent corridors with higher pedestrian volumes.

While comparisons can be drawn by reviewing the thickness of lines, they are not proportionate to the values shown.

Corridors with no data available should not be presumed to have low pedestrian traffic values.

All counts were conducted in September unless otherwise noted in data tables.
