

Coordinated Street Furniture Vendor Orientation Meeting

Questionnaire

The City recognizes that vendors and fabricators are a valuable source of information for the development of an effective Coordinated Street Furniture RFP and Program. The information from the industry is invaluable to creating an RFP that will result in a successful program and high quality, distinctive, and unique designs.

This questionnaire is anonymous and will not influence the winning proposal. The goal of the questionnaire is to elicit information regarding the vendors' experience with previous coordinated street furniture programs and to provide space for general comments and recommendations.
