Walkscore.com Rating
- Green: 90 - 100
- Light Green: 80 - 89
- Yellow: 70 - 79
- Orange: 60 - 69
- Red: 50 - 59
- Dark red: 31 - 49

Notes:
Walkscore.com is a website which calculates a "walkscore" for a given address by locating nearby stores, restaurants, schools, parks, etc. within a 1 mile radius using online information. Because it does not account for the quality or connectivity of the pedestrian system, it is not a complete walkability measure, but rather should be considered a measure of the density and diversity of potential walking destinations.
