8.5	\$956.25	15.5	\$1,627.50
9.0	\$990.00	16.0	\$1,680.00
9.5	\$1,021.25	16.5 or >	Sq.Yd.X\$105

Square yard measurement includes area of the curb and gutter

Price includes only restoring the pavement (asphalt or plain concrete only) with no prep work of the road base

Other specialty pavement treatments and/or re-enforced concrete will need to be evaluated at time of Cut Card

If work caused by the permit holder and/or it's contactor beyond the signed cut card or the City is ordered to the site by the aforementioned but can not work due to site conditions, the City will add a charge of \$250.00 per visit above any addition square yard charges for site work the City may choose to perform.

Base Cost

Whatever is on the cut card is all the dollars available

Low Temporary Cut

If the City is called to the Site to fill a low temporary cut because it is determined by Utility Connections to be a public safety concern which the permit holder or it's contractor has not addressed a \$500.00 per visit shall be charged.
