

Penn Avenue S. Phase I Reconstruction Update April 5, 2013

This is an update specific to Phase 1 (2013 Construction) of the Penn Avenue S reconstruction project. The Phase 1 limits are from the crosstown to 100 feet north of 54th Street W.

Upcoming events on Penn Ave. S:

Beginning April 10, 2013, Penn Ave. will be closed to thru traffic between W 60th St and W 54th Streets. All east west cross-streets, including W 60th and W 54th Streets, will remain open until further notice. All Penn Ave businesses will remain open. Local access to businesses will be maintained as much as possible.

Starting Wednesday April 10, the Minneapolis Park Board will begin removing Ash Trees along Penn Avenue between Mn-62 and W 54th St. Due to the large size of these trees, sections of Penn Ave will be closed while the trees in that area are being cut. NO PARKING signs will be posted early next week for Wednesday, Thursday and Friday of next week. Expect roadway closures for short durations (4-6 hours) while trees are being removed in each section. Tree removal should be completed by April 15. The tree stumps will be ground out at a later date by the Contractor.

Starting Monday April 15, both Center Point Energy and Meyer Contracting will mobilize to the site and begin setting up to start work.

In the next few days you will be receiving a letter from the City which outlines what you can expect during construction. In addition to sending out update notifications the Penn Ave web site will be updated on a regular basis.

If you have any questions or concerns feel free to contact me.
