~ 5:00 – Head over to Washington Avenue public meeting at the Mill City Museum

Project update

A public meeting will be held on May 14, 2013 to seek public input on urban design features including bicycle and pedestrian facilities, streetscaping, parking, and overall integration of these elements along the Washington Avenue corridor. All residents, businesses, property owners and other interested stakeholders are encouraged to attend.

Tuesday, May 14, 2013

5:00 pm - 7:00 pm

Mill City Museum - Mill Commons (Lobby)

704 South 2nd Street, Minneapolis

A previous public meeting was held in December 2012 where input was received on existing conditions, challenges, opportunities, and preliminary alternatives. The purpose of this second public meeting is to gain public input on project recommendations and alternative urban design concepts. An on-line survey will also be conducted following the public meeting to gather additional public input on the project recommendations.

Several new links are provided at the bottom of this webpage including corridor exhibits, the public meeting flyer, and a draft traffic operation analysis.
