Re: Winter Street NE Reconstruction Project

Dear Minneapolis Resident\Business:

Primary construction activities are moving along well. Garfield St NE had the first three lifts of asphalt placed this past week and is now open to traffic and parking. 15th Av SE is also open to traffic and parking. Driveway aprons are complete on 14th Av SE and Winter St from 14th to 15th Av SE. Curb and gutter was placed on the east side of Ulysses Av NE with 50 % driveways complete. Storm drain on Winter St is also about 50% complete.

The following are the planned activities for the next week of work, weather permitting. For the week beginning August 12th; removals and storm drain work will continue on Winter St from Johnson St to Garfield St NE, grading and base placement will continue on 16th Ave SE and Ulysses St NE. Watermain work along Johnson St will begin.

On August 13th, 14th, and 15th we will be placing asphalt pavement on 14th Ave SE from E Hennepin to Winter St and on Winter St from 14th to 15th Av SE. Access to these two blocks will be **CLOSED!** The intersections of Garfield/Winter and 14th/Winter will remain open. Access to 14th Av SE north of Winter St will need to come in from Garfield Av SE. We are asking all vehicles using 14th Av SE to find alternate parking on those days. 15th Av SE and Garfield St NE will be available for parking.

Temporary traffic control will continue to be flexible and dependent on construction activities. Please review the map below for the best access and parking areas.

Additional information and updates on this project are available at the City's web site:
