Re: Winter Street NE Reconstruction Project

Dear Minneapolis Resident\Business:

The Winter St. project is in the final stages. Two lifts of asphalt are planned for Thursday and Friday of next week (Oct. 17, 18) on Winter St. NE between 11th and Garfield. The remaining manholes will be raised on the streets that have the last asphalt course yet to be placed. T-sawing will take place on the streets that have the top lift completed. Asphalt patching behind the driveways will follow.

Closures will be intermittent each day and on each street. Please follow the “no parking” signs (see map below). The driveways and sidewalks have been poured except for a short section on Winter St NE. Top soil for the boulevard is nearly complete. Sodding will follow in the coming weeks.

Temporary traffic control will continue to be flexible and dependent on construction activities. Please review the map on the website for the best access and parking areas. Additional information and updates on this project are available at the City’s web site:

http://www.ci.minneapolis.mn.us/cip/all/cip_winter_index

Our construction activities are likely to cause you some inconvenience, but we are hopeful that you will be patient and understanding as the work progresses. For our part, we will do our best to keep these inconveniences at a minimum. If you have any questions or concerns about this project, please call me or Keith Gronhovd, at 612-328-4500 or send an email to keith.gronhovd@minneapolismn.gov

We hope to inconvenience you as little as possible and would like to thank you in advance for your cooperation and understanding while Winter Street NE Area is being improved.

Sincerely,

Keith Gronhovd
Supervisor Engineering Technician I
