

Re: Warrington Area Resurfacing

August 29, 2016

Dear Minneapolis Resident or Business Proprietor:

This letter is to inform you that pavement resurfacing work that was scheduled to be done on 39<sup>th</sup> Street East between Columbus and Park Avenue has been postponed until spring of 2017. The reason for this delay is due to the Surface and Water and Sewer division of Public Works rehabilitating the storm pump station located within that block. Some of the pump station upgrade work will involve working on structures near or under 39<sup>th</sup> Street at this location. The street resurfacing on this one block of the Warrington project is being postponed so that new pavement will be placed after all excavating has been completed.

The cost for upgrading the storm pump station will not affect your street resurfacing assessment. There will be no assessments to property owners for any of the pump station work.

Work will begin on the pump station in November and is expected to be substantially completed by March.

For more information the city has set up a web site for this project. The web site address is: <http://www.minneapolismn.gov/cip/2016/WCMSP-172450>

If you have additional questions or concerns please contact [Chris.Trebath@minneapolismn.gov](mailto:Chris.Trebath@minneapolismn.gov) or call at 612-919-1196 for street resurfacing questions or [William.Shutte@minneapolismn.gov](mailto:William.Shutte@minneapolismn.gov) at 612-673-3606 for questions regarding the sewer pump station.

Sincerely,

*Christopher Trembath - William Shutte*
