

Mid-City Industrial Reconstruction Project

April 19, 2017

Project Fact Sheet

The City of Minneapolis proposes to reconstruct several streets in the Mid-City Industrial neighborhood. The proposed project is scheduled to occur over the course the 2018 and 2019 construction seasons and will consist of improvements to the roadway, sidewalks, and utilities. City staff is currently in the preliminary stages of planning and design for the project, which will be accompanied by community outreach activities that will help inform and guide design concepts. Specific street segments included in the project are:

- **Arthur Street NE – Kennedy St NE to dead end north of Broadway St NE**
- **Kennedy Street NE – Arthur St NE to Taft St NE**
- **Cleveland Street NE – Broadway St NE to the dead end**
- **Taft Street NE – East Hennepin Ave to Broadway St NE**
- **Hoover Street NE – East Hennepin Ave to north of Broadway St NE**
- **R Street NE - Spring St NE to Winter St NE**
- **Winter Street NE – R St NE to Industrial Boulevard**

PURPOSE

This project encompasses the entire right-of-way and will address deteriorating pavement conditions, gaps in the sidewalk network, non-ADA compliant pedestrian ramps and walkways, and needed utility improvements. The project is also planned to include improvements to the traffic signals, as well as new signage, curb/gutter, and pavement markings.

SCHEDULE
