Subject: Resolution of support for Emerson/Fremont protected bikeways with modifications

Emerson / Fremont Protected Bikeways

The Minneapolis Bicycle Advisory Committee supports the Emerson & Fremont Protected Bikeway Project. The BAC would like Public Works to explore the potential costs of adding curb stops with flexible posts as the vertical protection element of this bikeway where applicable. The BAC also recommends the following intersection modifications:

- at N 7th, Plymouth and Emerson, implement a 2-stage bike box turn,
- at Plymouth and Fremont, provide a left hand bike lane turning on the right hand side of the motor vehicle lane, and
- at Broadway and Fremont, provide a double buffer on the bike lane.
