

Does your home have high radon?

The City of Minneapolis now offers grants to homeowners that live in the City of Minneapolis that have dangerous levels of radon gas. In addition, we identify other Healthy Homes issues such as:

- ✓ Lead Hazards
- ✓ Moisture/Mold
- ✓ Asbestos
- ✓ Cockroaches/Mice
- ✓ Carbon Monoxide
- ✓ Fire Safety
- ✓ Asthma/Allergens
- ✓ Toxic Products

In order to be eligible, total household income cannot exceed the earnings as shown in the table below:

1 person household	2 person household	3 person household	4 person household
\$45,100	\$51,550	\$58,000	\$64,400
5 person household	6 person household	7 person household	8 person household
\$69,600	\$74,750	\$79,900	\$85,050

Call City of Minneapolis Healthy Homes and Lead at 612-673-2606 for any of our grant services. This program is available through October 2014.

We are proud to partner with the U.S. Department of Housing and Urban Development (HUD), and the MN Department of Health on the Healthy Homes Thriving Communities grant.
