They are now posted on the RFP website. You should generally rely on the detailed specifications attached to the RFP for your proposal.

Yes.

3. Will be able to see the clock and sculptures before submission of our Proposal on the 16th?

No. They are in multiple storage areas.

4. Do we need to document what companies we will use as SUBP in our Proposal, or just commit to the rules of the program?

You do not need to do anything in terms of the SUBP to apply. If selected, there will be plenty of paperwork.
