

10TH AVE S BRIDGE OVER MIDTOWN GREENWAY

Improving the condition of the bridge and providing safe connections for all

Project background

Constructed in 1915, the 10th Ave S bridge over the Midtown Greenway is planned to be improved over the next few years. The bridge has been closed to motor vehicles since December 2021, due to structural concerns. It remains open for pedestrians and bicyclists.

The bridge is located within two historical sites: the Railroad Grade Separation Historic District and the Midtown Exchange (former Sears Building). The bridge is recognized as an important connection for the community as it supports access over and to the Midtown Greenway, the Allina Health Campus, and businesses on Lake St. The project will engage with many stakeholders, including the Midtown Exchange, Lake Street Council, Midtown Greenway Coalition, and Allina Health.

Project schedule (breakdown)

2023	2024	2025	2026
Planning	Design	Construction	Completion

Spring - Fall 2023: Public Works will collect corridor data and initiate a community engagement process.

Summer - Fall 2023: Public Works will develop a layout concept for an improved 10th Ave S bridge.

Late 2023: Public Works to provide a design recommendation.

2025 - 2026: Implementation of improvements to the bridge.

Our Goals

**SAFER
CONDITIONS
FOR
WALKING
AND ROLLING**

**IMPROVED
ROUTES FOR
BIKING AND
ROLLING**

**MORE WAYS
TO GET
AROUND
FOR
EVERYONE**

**INCREASED
FOOT AND
BICYCLE
TRAFFIC
FOR LOCAL
BUSINESSES**

Existing conditions
