

4TH STREET reconstruction project

WHAT IS HAPPENING

- Phase 1 work, between Hennepin and 4th Ave S, is substantially complete, 4th Street is now open to through traffic, and the Washington Ave detour is coming down.
- Xcel Energy will continue work between 2nd Ave N and Hennepin through the winter.
- One lane along 4th Street between Hennepin and 3rd Ave S will remain closed through November to facilitate final signal, lighting and clean up work.
- Additional intermittent lane closures may occur as the contractor finishes clean up work along Phase 1.
- Northbound and southbound traffic lanes on 4th St. and Hennepin Ave. have reopened to local traffic (see detour and access maps).
- Project newsletters and stakeholder update meetings are coming to an end for the season. Newsletters and stakeholder meetings will occur on 11/5 and 11/19 before going on hiatus until construction resumes in the spring.

WHAT TO EXPECT

- During roadway construction, 4th St. will be closed to through traffic between 2nd Ave. N. and 4th Ave. S. Local access to driveways will be maintained during road work.
- During construction work, pedestrian and bicycle access will be maintained. Be aware of your surroundings when walking on the sidewalk.
- Expect additional noise, dust, and vibration as crews complete work.

STAY CONNECTED

There are multiple ways to get information including email updates and ongoing stakeholder meetings. Visit the project website for more information and to sign up for project updates:
