

42nd St Pedestrian Safety Improvements

Intersections of: Stevens Ave, 3rd Ave, 4th Ave, 10th Ave, 15th Ave, Bloomington Ave

Project Overview

This project will improve pedestrian safety and ADA access at six intersections along 42nd St in South Minneapolis: 42nd St at Stevens Ave, 3rd Ave, 4th Ave, 10th Ave, 15th Ave, and Bloomington Ave. These six intersections address gaps in safe crossing points along the corridor, improve connections to two parks along the route, and are spaced to help address vehicle speeding. 42nd St was previously identified as a high injury street in the City's Vision Zero Action Plan but is still in need of pedestrian safety improvements to remain off the list of high injury streets in the future.
