

7th Street Reconstruction

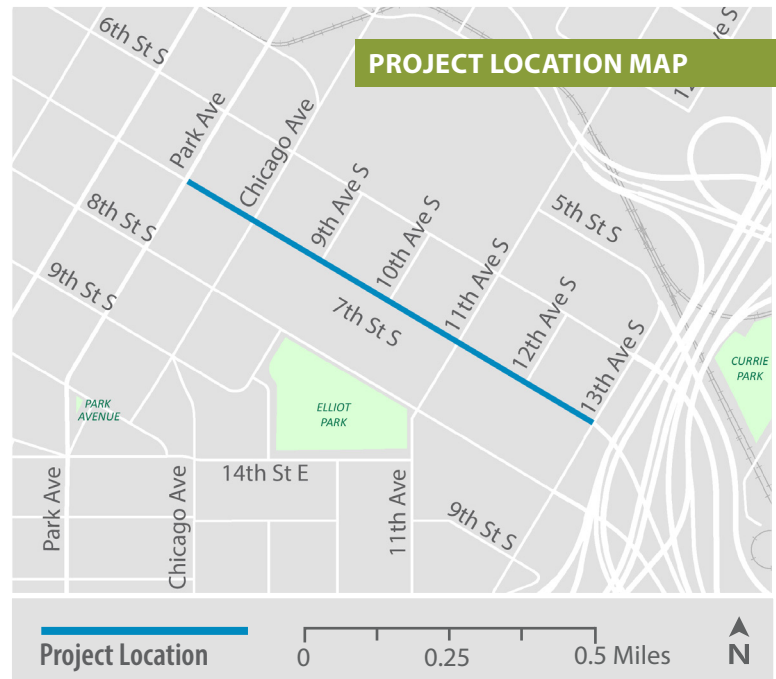

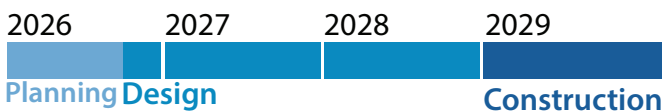

13th Ave to Park Ave

Project overview

Public Works will reconstruct nearly half a mile of 7th St S, between 13th Ave S and Park Ave in the Elliot Park neighborhood.

The street was built in 1967 and is now beyond its useful lifespan, needing to be rebuilt, known as a reconstruction. A street reconstruction aims to fix old or worn-out infrastructure such as pavement, sidewalks, curbs, and drainage.

Project schedule

Project goals

- Create a street that is safer, calmer, and built to last.
- Make it easy and safe for people to walk, bike, roll, and take transit.
- Add more green space to support native plants and wildlife.
- Use green infrastructure and natural features to capture and clean stormwater.
- Design the street to reflect community desires and needs.
