Insurance

Services are provided at low or no cost to families whether or not a student has insurance. Insurance is billed whenever possible to help cover the costs of care. We may send a bill for mental health service co-pays if student has private insurance.

*Policy holder name: _____ *Policy holder date of birth: _____

Policy holder Social Security number: _____

Signature required on back ➔

Clinic consent needs to be given once during a student's high school career. If you have already given consent, you do not need to complete this portion of the form again.

What if consent is not submitted to the clinic?

Students under the age of 18 cannot be treated for health-related services without parental/guardian consent. This form must be completed and returned for the Minneapolis School Based Clinics Program to provide services to a student. Minnesota law, however, allows a minor to seek medical treatment under certain circumstances without parental consent. This includes emergency mental health care, pregnancy testing and counseling, contraceptive exams and prescriptions, and sexually transmitted infection diagnosis, treatment, and education.

Consent

By signing this form, you agree that:

- This student has your permission to receive services offered by Minneapolis School Based Clinics Program.
- Minneapolis Public Schools may give information about the student's class schedule, daily attendance, and immunizations to the Minneapolis School Based Clinics Program.
- The Minneapolis School Based Clinics Program may use student health records to evaluate quality of care and program effectiveness.
- You have read and understood the services of the Minneapolis School Based Clinics Program.
- You give permission to bill your health insurance carrier or medical assistance for medical and mental health services received. This would also apply if you do not currently have insurance and get it later.
- This permission will remain in effect until the student reaches 18 or until changed by you in writing.
- You give permission for Covid-19 test results to be shared with the Minneapolis Public Schools Contact Tracing team.

Student name *please print*

Student signature *if over 18 years of age*
