Benefits

1.

After experiencing several traumatic events, the community will have a warm place to enjoy comfort food and engage in the healing process. A space for family events, church events, business events, community meetings, entertainment events, tutoring opportunities. A place that residents will be proud to have in their community and be happy to invite friends to experience and enjoy.

2.

Provide a warm and comfortable ambiance that highlights the black culture. The presentation and display of cultural history, artifacts and black icons, local and national

3.

Because of the uniqueness of this restaurant/museum/community space, many will be eager to come and relish the experience. It will attract many to our community.

4.

There is no place in the community that combines dining with black history the way we propose to do it. It will be a destination point for tourists from all over the world. It will host many school and community tours to learn of the outstanding aspects of black history and culture, which is a significant part of American history.

5.

This proposal provides a stage for groups and individuals to display their talents and gifts in a beautiful, elegant and warm setting.
