

# N 2ND ST BIKEWAY

Dowling Ave. to Plymouth Ave.

## Project background

This project will build a two-way separated bikeway on 2nd Street N between Dowling Ave N to Plymouth Ave N. The protected bikeway will replace the current on-street bicycle lanes on 2nd Street N. The current on-street bicycle lanes do not provide enough protection from vehicle traffic. At signalized intersections, this project will add protected intersection design elements. This project will connect to a new two-way bikeway from a separate reconstruction project at the intersection of Dowling and 2nd Street N. It will also connect to new trails to and through the under-development Upper Harbor Regional Park and other protected bikeway projects.

Existing Conditions– North 2nd Street

## Project schedule

2024	2025-26	2027	2027
Planning	Design	Construction	Completion

## Daily users

Sources: City of Minneapolis, Minnesota Department of Transportation

Pedestrians 20 (2017)	Bicyclists 350 (2017)	Motor vehicles 4,224 (2021)
--------------------------	--------------------------	--------------------------------

## Our Goals

**BETTER PATHWAYS FOR WALKING**

**IMPROVED ROUTES FOR BIKING**

**SAFETY FOR EVERYONE**

**EFFICIENT FREIGHT CORRIDORS**

## Transportation Action Plan

This project is aligned with the Transportation Action Plan, the city's vision for safer, greener and more modern streets that serve all people and all the ways they want to get around.
