

# PARKLET & STREET CAFE PROGRAM

## Program Overview

Parklets and Street Cafes\* are seasonal public spaces that make the city more livable and walkable. They add space to our streets where people can gather, relax, and interact. This program enables and empowers community groups and businesses to transform underutilized street space into a vibrant public space that is accessible and open to all.

*\*Street Cafes are not public spaces but function as an extension of the business, therefore they follow the operations of the host business.*

### What's the difference between a parklet and a street cafe?

## Program goals

Make the city more livable, walkable, and beautiful

Transform underutilized street space into vibrant public space

Support local business communities by creating inviting spaces for community members

Create space for people for community interaction

## Program Elements

### Parklets

#### City-owned Parklets

- The City owns 3 parklets which community groups or businesses can host for a season. Hosts are selected through a competitive application process. City owned parklets are public spaces that are accessible and open to all. Advertising and other commercial activities are not permitted in City-owned parklets.

#### Community Parklets

- Community groups or businesses can design and create their own parklet space following the City's Parklet Manual. All parklets must be accessible and open to all. Advertising and other commercial activities are not permitted in parklets.

### Street Cafes

- Business can design and create their own space following the City's Parklet Manual and Street Café Supplemental document. Street Cafes function as an extension of the business. Street Cafes are permitted to allow seating for restaurant customers and are not open to the public.

# PARKLET & STREET CAFE PROGRAM

## Design & Site Requirements

All parklets and street cafes must follow the design and site requirements outlined in the Parklet Application Manual.

### Sidewalk Level

Sidewalk level parklets use a platform that is flush with the sidewalk. This option is generally more accessible to all parklet users as the space can be accessed from anywhere along the platform/sidewalk. Design guidelines and criteria for sidewalk level parklets can be found in the Parklet Application Manual.

### Street Level

Street level parklets allow applicants to put table and chairs directly on the street without having to build a platform. This option is generally lower cost and can be used to test out the concept of having a parklet or street cafe before investing in a structure. Street level parklets must have an ADA accessible ramp directly into and out of the parklet as well as provide enough space for a wheelchair to turnaround. Design guidelines and criteria for street level parklets can be found in the Parklet Application Manual.

## Application Process & Timeline

Before getting started with the application process, please review all Parklet and Street Cafe Program materials to understand all program requirements.

If you are interested in hosting a City-owned parklet, you must submit your confirmation of eligibility form during the open application window (generally in early March - City staff will send out notification).

If you are interested in hosting a Community parklet or street cafe, the City accepts applications on a rolling basis; however, staff generally review in March/April.

For any questions, please contact [parklets@minneapolismn.gov](mailto:parklets@minneapolismn.gov)

### All Applicants

- 1 Submit Confirmation of Eligibility Form to ensure your site meets minimum requirements
- 2 Once site is approved, submit Full Application

MARCH

### Community Parklets & Street Cafe Applicants

- 3 Site visit with City staff to discuss traffic, operations or design considerations for your site
- 4 Submit final parklet/street cafe plans
- 5 Once plans are approved, submit all necessary permits and agreements (more details in the Parklet Application Manual and Street Cafe Supplement)
- 6 Install parklet/street cafe
- 7 City Inspection
- 8 Enjoy for the season
- 9 Remove parklet/street cafe at the end of the season

APRIL-MAY

MAY-JUNE

SUMMER

FALL
