

Phillips Traffic Safety Improvements: Phase 1 Community Comments

We are responding to your feedback!

The community shared 351 transportation safety concerns & comments as part of the Phillips Traffic Safety Project Phase 1 community engagement, which took place in the summer/fall of 2021.

164 comments are tied to a location and shown as exclamation marks on the map. Information was collected at community events, through online surveys, and at in person and online meetings.

The symbol size indicates the relative amount of comments received for each location. Several Streets with high number of comments (Cedar Ave, Park Ave, and Portland Ave) are managed by Hennepin County. Minneapolis Public Works has shared these comments with the County.

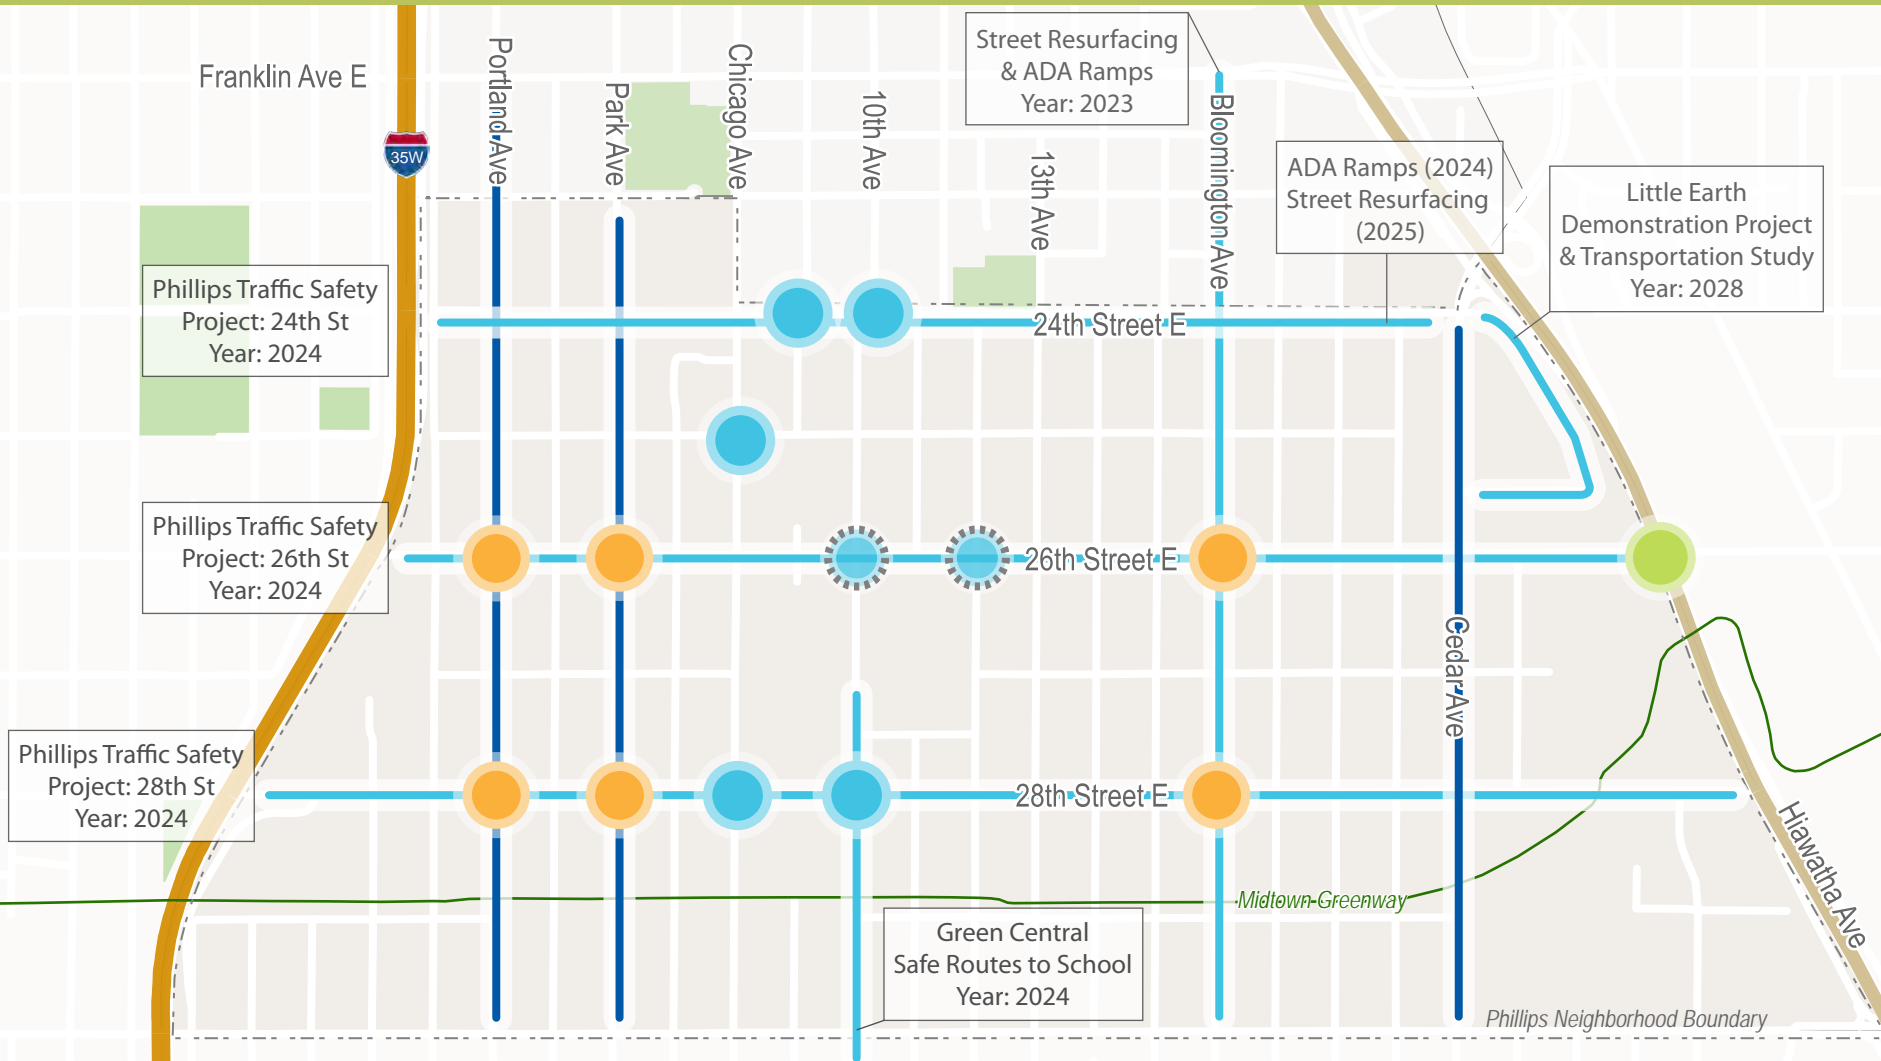

Funding Opportunities

Phase 1 community engagement is also helping secure critical regional funds for safety improvements in the Phillips neighborhood.

If awarded funding, these projects will make safety improvements in the Phillips neighborhood that fall outside the scope and budget of the Phillips Traffic Safety project.

Phillips Traffic Safety Improvements: Upcoming Planned Projects

City of Minneapolis Projects

- Corridor project (see labels)
- Phillips Traffic Safety Project
- ⊙ Neighborhood Traffic Circle
- Spot Mobility & Safety
- Hennepin County Project
- Potential Intersection Upgrades

This map shows the planned transportation improvements in the Phillips Neighborhood through 2030. Many of these projects overlap with intersections identified through phase one of community engagement. The feedback received during phase one of community engagement is helping to secure critical regional funds for safety improvements in the Phillips neighborhood. If awarded funding, these projects will contribute to the goal Phillips Traffic Safety to reduce speeding and improve traffic in the neighborhood.

Upcoming Phillips Neighborhood Projects

City of Minneapolis
