QUESTIONS? Ask a poll worker for more information on how to complete your ranked choice ballot.

STEP 1:
Choose your top candidate. This is your 1st choice candidate and will be the vote that is considered first.

STEP 2:
If you have a 2nd choice (not required), you may select another candidate. This must be different from your 1st choice candidate.
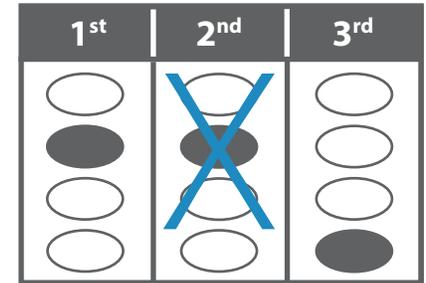

STEP 3:
If you have a 3rd choice (not required), you may choose another selection. This must be different from your 1st and 2nd choices.

BALLOT ERRORS

Do not choose the same candidate more than once.

Do not choose more than one candidate in the same column.
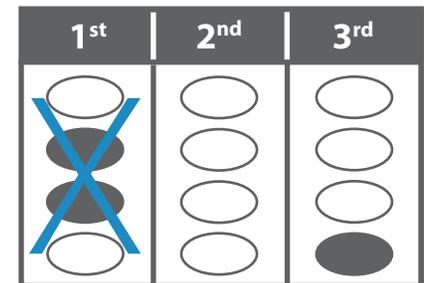

How votes are counted:
All 1st choice votes are counted. If no candidate has the required number of votes to win, candidates that have the fewest votes are eliminated. This process continues until a candidate has enough votes to win. Election officials only use your 2nd or 3rd choice if your 1st choice has already been eliminated.
