Police Department Safety Plan Review

Rental Hall License

All businesses licensed by the City of Minneapolis must provide adequate security to prevent criminal activity, loitering, and disorderly conduct at their business, including parking areas, per MCO 259.250 (4).

Not providing adequate security could have an impact on the success of your business and your ability to continue to operate. Adequate security is not “one size fits all”, even a detailed plan does not fit every situation.

It is important that this review happens with the Minneapolis Police Department. Business owners meeting face to face with Police representatives is a way to develop a positive connection.

Business Safety Plan requirements and process

1. Please review the following topics of the Rental Hall business safety plan.
2. Create and write a plan that will best ensure the safety of your business, customers and the surrounding community, according to your business model.
3. Schedule a review of your plan by MPD personnel to be determined by the Precinct Commander. The review should occur at the proposed business, if possible.
4. You must include copies of your license application, Business Plan and Safety Plan, with this form.

Rental Hall Business Safety Plan

Based on best practices, a successful business will have a safety plan. Write a plan that includes the following topics-

A. Staffing and procedures-

- Who will do the hiring and how many employees will you have working during rental events? Will you complete background checks on all employees?
- A manager, who is an employee, must be on site during all events.
- Describe your security personnel and job duties as it should be based on type of event and number of attendees.

You must have at least one (1) security person per 50 people if-

1. alcohol is present, or
 2. guests are dancing to live or recorded music.
- Will security be in uniform or recognizable clothes?
 - Will they be armed with a firearm or other weapons?
Note- if you hire an outside professional security company, or contract with security personnel that are not your W-2 employees, they must be licensed by the Minnesota Board of Private Detective and protective Agent Services. Any company can hire someone as an employee (W-2) to protect their own property (326.3381 sub 1a. Proprietary Employees). However, any individual or company who offers this service as a contractor (1099), or offers this service to another company, needs to be licensed by the State of MN (326.338 Sub 4. Persons Engaged as Protective Agents)
 - Incident logs- how will you communicate and share policies, incidents and update employees?
 - Do you plan on creating a “No Rental List” for people that you will not allow to rent to again. How is this documented and who is responsible to manage the list? Will you share this list with Police and Business Licensing?
 - Alcohol Server Training- educate employees on the rules and laws of alcohol and prevent over serving.

B. Exit strategies

- How will you notify guests that the event will be ending soon?
- Describe how you will assist people to leave the rental hall on time?
- How will you ensure people leaving aren't being loud and disruptive to the neighbors?
- If you have a parking lot, how will you prevent people from loitering?
- Will you have a valet service which requires a license?

- Explain how you will work with traffic management?
- What are the plans for emergency evacuation, sheltering in place and active shooter?

C. Crime Prevention Through Environmental Design

- Have enough exterior and interior lighting levels to promote safety, describe the lighting for your rental hall.
- Describe the video surveillance system at the rental hall.
 1. Where are the cameras located and who has access to the video.
 2. How long are recorded video stored for?
 3. Will you provide them to Business Licensing or the Police to assist in an investigation?
- To prevent a crime from happening, how will you ensure private spaces are only accessible to staff and prevent guests from going into those areas.
