Adult Male Dies at Hospital after Shooting

January 1, 2023 (Minneapolis) Minneapolis Police Officers from the 4th Precinct responded to multiple reports of a shooting. At approximately 3:40 a.m. Officers responded to 42nd Ave N and Lyndale Ave N where they identified a male in his 20s with life-threatening gunshot wounds seated in a vehicle. The male was being driven to the hospital. Officers provided medical aid until the male was transported by ambulance to North Memorial Medical Center. That male later died at the hospital.

The shooting scene was located at 4430 Lyndale Ave N where a building had been rented for an after-hours party. Officers managed a large crowd and chaotic scene. After clearing the building, officers located and secured evidence of the shooting inside the building. 3 guns were recovered from the scene.

Preliminary information indicates that a verbal altercation between individuals who knew each other escalated to gunfire. Multiple shots were fired inside a building occupied by a large crowd.

Approximately 3 hours later, a second male in his 40's with a non-life-threatening gunshot wound self-transported to North Memorial Medical Center. Preliminary information indicates that this male was injured during the shooting incident inside 4430 Lyndale Ave N

Forensic scientists from the Minneapolis Police Forensic Division responded to process the scene and collect evidence. Homicide investigators began their investigation.

The Hennepin County Medical Examiner will release the name of the deceased male along with the cause and nature of his death.

No arrests have been made.

The GO number is 23-000357.
